

CHISINAU INTERNET EXCHANGE

WITH FREE LIFE TIME 10G PORT

FOR ALL MEMBERS

KIVIX IS CHISINAU'S FREE INTERNET EXCHANGE POINT

EVERY MEMBER IS ELIGIBLE TO RECEIVE ONE
1 GBPS OR 10 GBPS FREE LIFE TIME PORT TO
CONNECT WITH OTHER MEMBERS

Build on Junipers switching technology and redundant
route servers, kivix is the perfect platform
to exchange your traffic.

REQUIREMENTS BECOMING A MEMBER IS EASY

You must have your own autonomous system (ASN)

You must be present at the kivix point of presence:

trabia network, str. V. Pircalab 52, 2012 Chisinau, Moldova

■ **If you are not yet at our point of presence,** you can install a fiber optic path from your PoP to ours, it's easy! If this should not be possible you can take a dark fiber or transport service from a provider that has already a presence at our PoP. Simply get in touch with us and we will assist you.

KIVIX MEMBERS BENEFIT FROM THE FOLLOWING SERVICES:

Free Port

One free¹ life time 1G or 10G port.

Free Cross Connect

The data center cross connect for the free port is also free of charge.

Additional Ports

If 10 Gbps is not enough, you may add multiple ports. Each additional port is available for 100 € per month and the first port will always remain free!

MetroVLAN

You may add a VLAN to your port in order to interconnect with another member on kivix. This service is charged with 50 € per month per VLAN per port.

Partner Program

You have customers that do not have a physical presence at our PoP but would like to connect to kivix? Let them connect through you using remote peering.

Members

Meet a large member base to exchange traffic with Moldovan and international peers.

High Quality

Even that kivix is a free exchange, it's a critical service. No one needs a unstable connectivity on their network, even if it's free. Due to this kivix receives full quality support as any other commercial exchange!

The following companies are already a kivix member²:

- **trabia network** (AS43289)
- **StarNet** (AS31252)
- **Moldcell** (AS43925)
- **Arax-Impex** (AS15836)
- **Norma Telecom** (AS31546)
- **Altnet** (AS48480)
- **MivoCloud** (AS39798)
- **Center of Special Telecommunications (CTS)** (AS39279)

Don't miss your chance and become a kivix member today!

No installation fee. No membership fee. No port fee. No cross connect fee.
Absolutely free for life with no catch!

KIVIX IS OPERATED BY  **trabia network** THE LEADING DATA CENTER IN MOLDOVA.

¹ Every kivix member is entitled to receive one free port (1G/10G). The member is obliged to keep the port in use. If the port is deemed unused by kivix, the member is required to either return the port back to kivix or pay a monthly port fee of 100 € if he wishes to keep it. A port is deemed unused if any of the following criteria match: (1) the port is below 90% uptime for a period of 6 months; or (2) the average speed is below 1 Mbps for a period of 12 months.

² As of March 2016
